NEW PRODUCTS

We now have a range of **Colour Shapers**. These are increasingly popular for applying masking fluid (and saving all your brushes from being ruined!) and also for blending and moving the colour around when using charcoal, soft pastels and oil pastels.

The **Winsor & Newton Tyne Metal Field Easel** has been our most recent addition to the range of easels that we hold in stock and we have found this to be by far the lightest and most sturdy of the metal easels on the market. In addition it can also be used as a camera tripod, with extendable legs and fully adjustable for use both sitting and standing. We have taken £15 off W&N's price, taking it to just £54.95, which is a great price for a professional quality highly versatile easel. Your loyalty discount would be taken in addition to this taking the price below £50!

Murano Textured Fine Art Paper is a relatively new product to Daler Rowney this quality paper is ideal for working with soft pastels, charcoal and other mediums and comes in 3 different ranges of colours; neutral, warm and cool. There is currently 25% off both 12x9" and 16x12" size pads.

devon open studios 2008

We are pleased to have **Neil Cox** and **Robert Crisp** exhibiting with us, during Devon Open Studios from **13 - 21 September**. Both Neil and Rob will be working here during the nine days and will be available to meet visitors to their exhibition.

Other artists also exhibiting from their own studios in Sidmouth during those nine days are Sylvia Bance, Favell Bevan-Arti, Judith Stephens, Yvonne Johnson, Sandy MacFayden, Graham Jowett-Ive - I'm sure you will recognise some of these names if you have been in our gallery recently.

For further details of where to find these artists, and the many more that are taking part across the county do pop into the shop for a "trail map" for the East Devon area, or alternatively more details can be found by the link on our website to the main organisers site.

LOCAL ART COURSES

Details and enrolment forms for the popular and well established art classes run by tutor Peter Goodhall are available in the shop now.

Starting in September life drawing, portrait painting and land and seascapes are amongst the classes and workshops held mostly in Sidmouth.

To view some of Peter's own work (whilst his own website is

being revamped) a Google search for Peter Goodhall will show sites which present his work.

Cathy Osbond also has a new term starting in September, with classes in drawing, watercolour, mixed media and acrylics. Courses are available for all skill levels from absolute beginners through to those that just want to learn some different techniques.

Details of these courses and many others held in East Devon are available on our website and this information is constantly being added and updated to provide you with all the relevant information for the activities in the local art community.
